

SCAVENGER HUNT

Scenario:

Below are a list of “customer” requirements. It is your job to pull ‘features’ into the sprint based on what you feel you can accomplish within the sprint (hour). You will not be able to achieve all of the requirements. Incomplete features will cost you 5 points. You must commit to how many you will obtain where the opportunity for multiples exists.

I will be the customer. Pick one of your team members to be your Product Owner you may have them ask me any questions. Each question will cost 2 points. Unlimited questions. You can ask questions up until 15 minutes before the hunt ends.

Rules:

Duplicate/multiple photos of same item are not accepted (you can count 5 different pictures of 5 different poop signs, but you can’t take one picture and count it 5 times).

All photos must include at least 1 member of the team.

Should you find all your items before the end of the time period, you can pull in more. You can only do this twice.

Bonus Points:

1st team to check into the Justice League room from the hunt is awarded 25 bonus points

2nd team to check into the Justice League room from the hunt is awarded 15 bonus points

3rd team to check into the Justice League room from the hunt is awarded 5 bonus points

Any team not in Justice League 70 minutes after hunt starts is docked -50 points

Boundaries of activity – map below shows where items can be found. Whatever you can see from the boundary line is in play (you are not restricted to the area, but should be able to find everything within the area).

If it’s not explicitly forbidden in the rules – it’s allowed!
